### WHAT WE DO

Greene County Family and Children First Family Stability Program helps your family navigate and coordinate social services, regardless of income. A facilitator works with your family to develop a customized plan to fit your unique needs. We will work with your existing providers including counselors, Children Services, legal services, educators, and physicians and provide case management services.

### CRITERIA FOR SERVICE

- ◇ Youth living at home with substance abuse, mental health, juvenile justice or serious behavioral or emotional disorders
- ◇ Youth experiencing homelessness or at risk of becoming homeless
- ◇ Families at risk of youth's custody being relinquished
- ◇ Youth deemed or at-risk of becoming unruly or delinquent.
- ◇ Service must be sought voluntarily. Parents and guardians must be actively involved in the treatment plan.

### High-Fidelity Wraparound

In the Family Stability Program, we apply the high-fidelity wraparound approach. Wraparound is an intensive, team-based, person-centered, care, planning and management process. It is most effective for those with complex needs and a history of service utilization. Some of the services we may be able to assist with include:

- ⇒ Referrals For Respite Care
- ⇒ Advocacy
- ⇒ Mentorship
- ⇒ Enrolling In and Financing Social Programs
- ⇒ Safety and Adaptive Equipment
- ⇒ Residential Treatment Facilities
- ⇒ Assistance Arranging Transportation, Bus Tokens or Gas Vouchers
