

**GREENE COUNTY  
JUVENILE DETENTION  
CENTER**

Visitation is by appointment only. Parents may call 562-4101 to schedule an appointment for visitation. Appointments must be made at least 1 hour prior to the first visitation time of the day you wish to visit. Our phones are open 24 hours each day, 7 days a week. Visitation periods last 20 minutes.

When coming to the center to visit, come to the front door under the sign marked "GCJDC". Depress the button on the staff station box to the left of the door to announce your arrival and await further instructions. You will enter through this doorway into the lobby where you deposit your coats and personal belongings.

For security reasons, you shall be asked to empty the contents of your pockets and submit to screening by a walk through and/or hand-held metal detector. Effective April 8, 2004 House Bill 12 permits the carrying of a concealed weapon in the State of Ohio. The law prohibits anyone (licensed or not) to carry a weapon into a correctional facility. Be advised that anyone violating this law shall have visitation privileges denied until the incident is reviewed by the Director. The contents of your pockets will be returned to you after it has been determined that they are not a risk to the safety and security of the facility. Be advised, visitation privileges will be denied based upon refusal to empty pockets or submit to search by a metal detector. Be prepared to produce a driver's license or picture identification. Positive identification shall be established before you are permitted to enter the facility. Finally, you may be asked to provide a marriage license or custody order in order to verify your status. Remember you are present to visit with your child. Please use the time for that purpose. If you have questions about the facility or program, you may call one of the administrators another time. Please speak quietly and on task while visiting with your child so that you can enjoy this privilege. If you choose not to, you may be asked to leave immediately and risk further consequence to your visitation privilege.

If you are unable to visit and your son/daughter does not receive a visitor, he/she is permitted to make a phone call during the scheduled visitation times. If you are unable to visit but wish to speak to your son/daughter, please plan to be home during the scheduled visitation times. Staff will attempt a phone call one time. Phone call attempts are based on staff availability and the youth's behavior stability.
